"reno is here to simplify the process."

"In addition to getting a contractor, you're also getting the eye of a design professional."

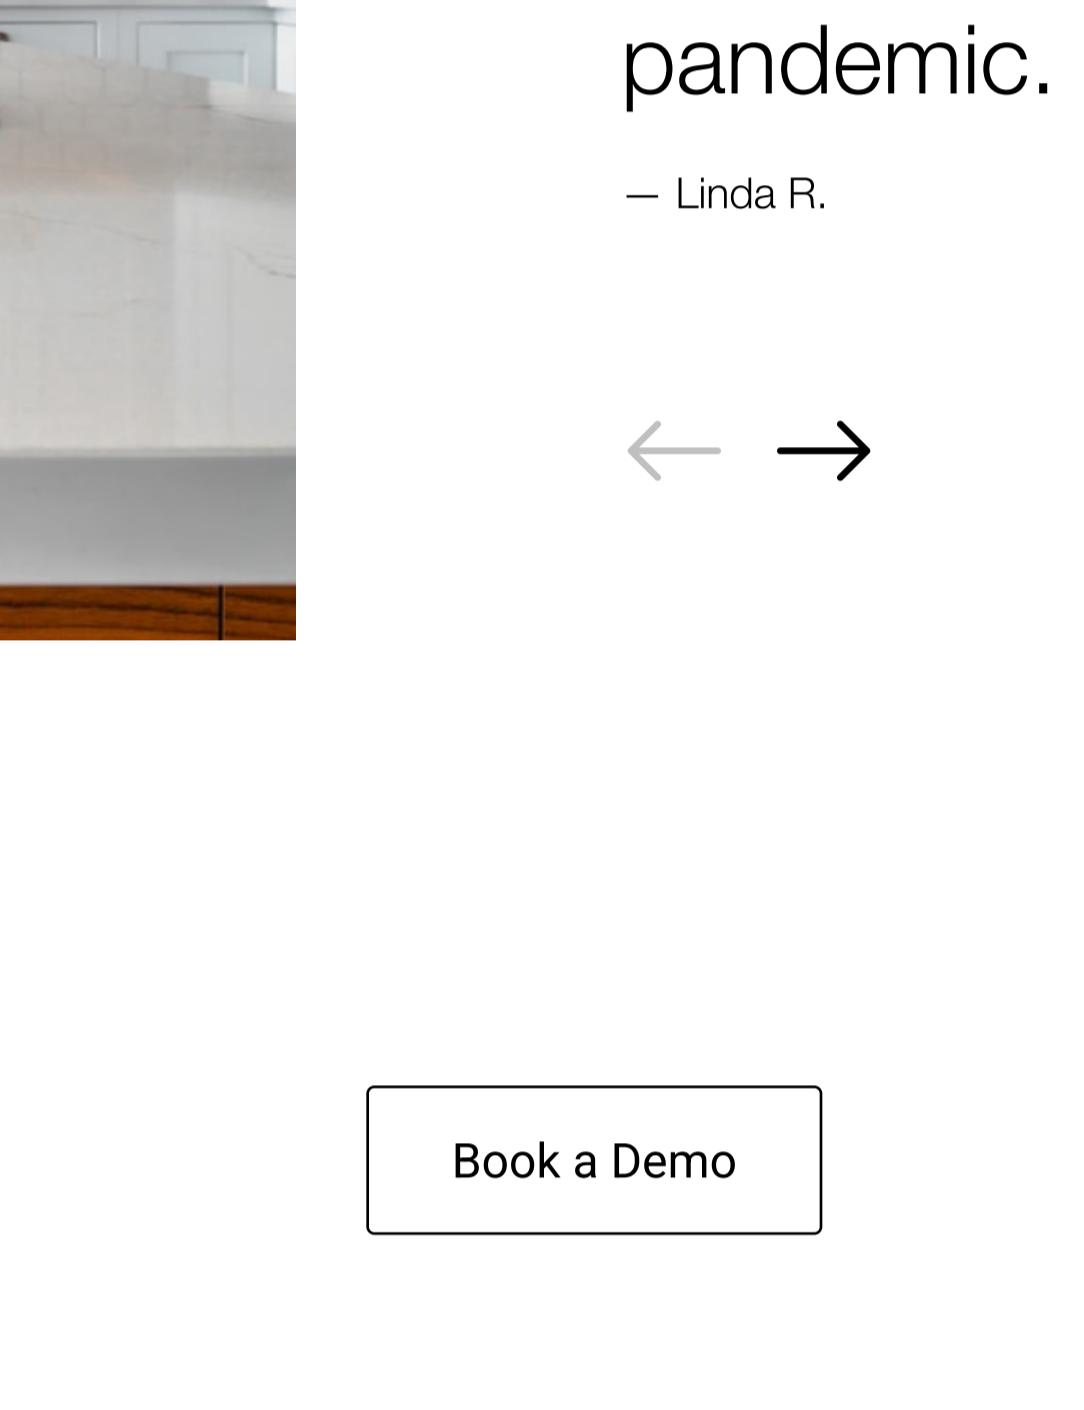

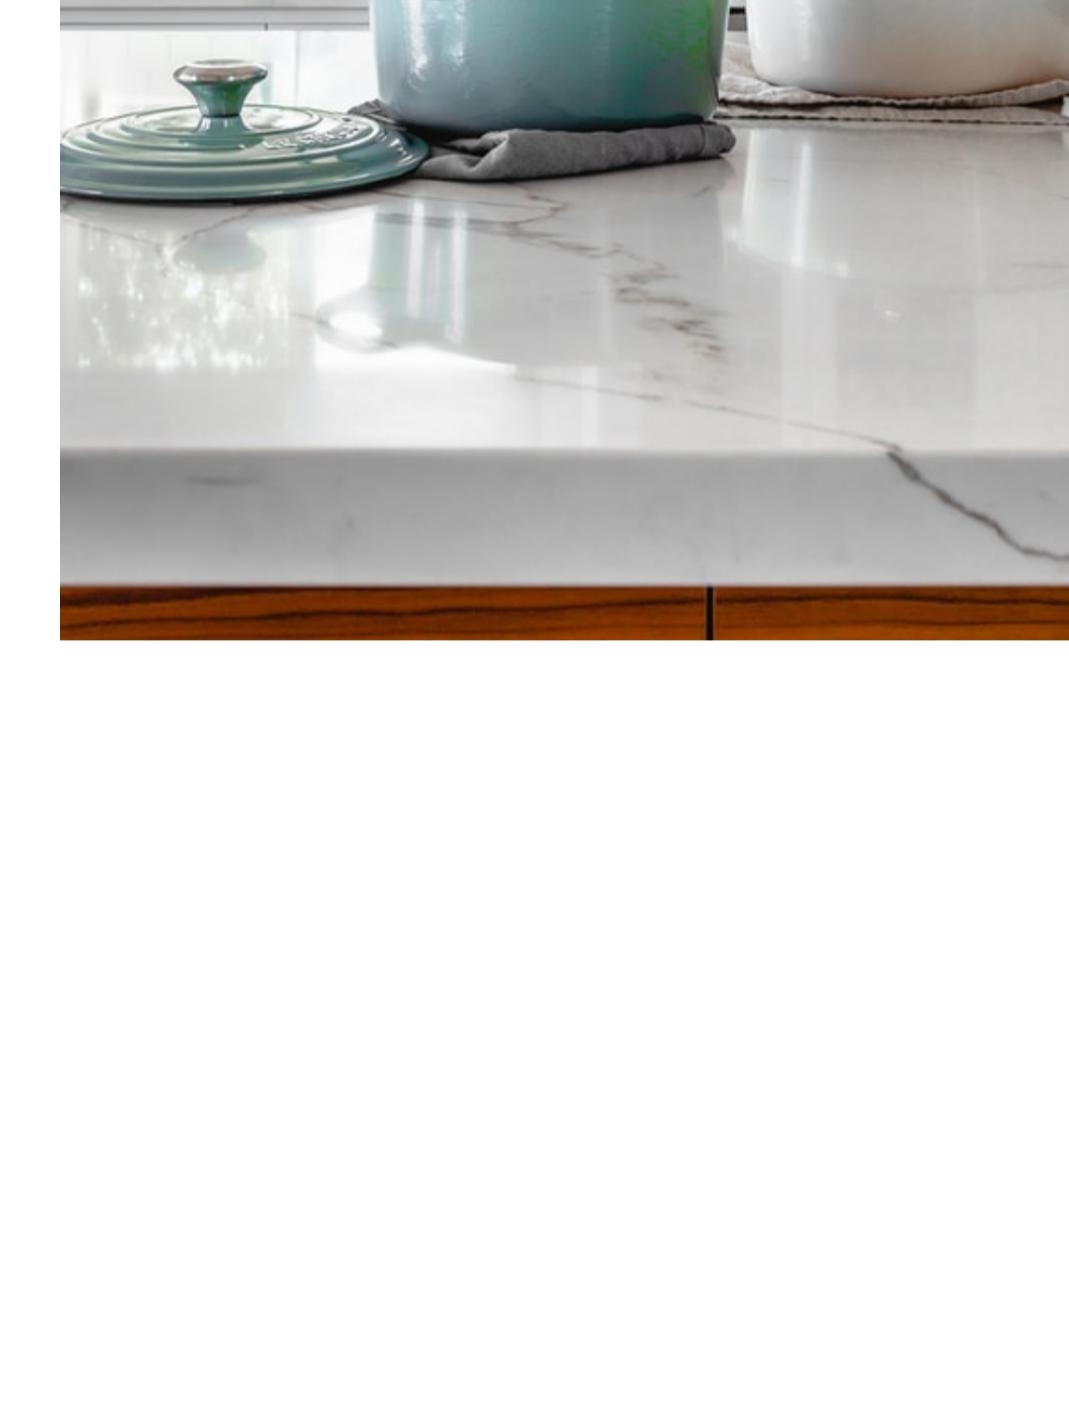

"Streamlining timely aspects like layout, materials selection, and building approvals"

"This startup is on a mission to make home renovations easier"

A simple and streamlined process

Use our tools to plan, design, and build your renovation with the industry's top designers and contractors.

[How does it work?](#)

Plan

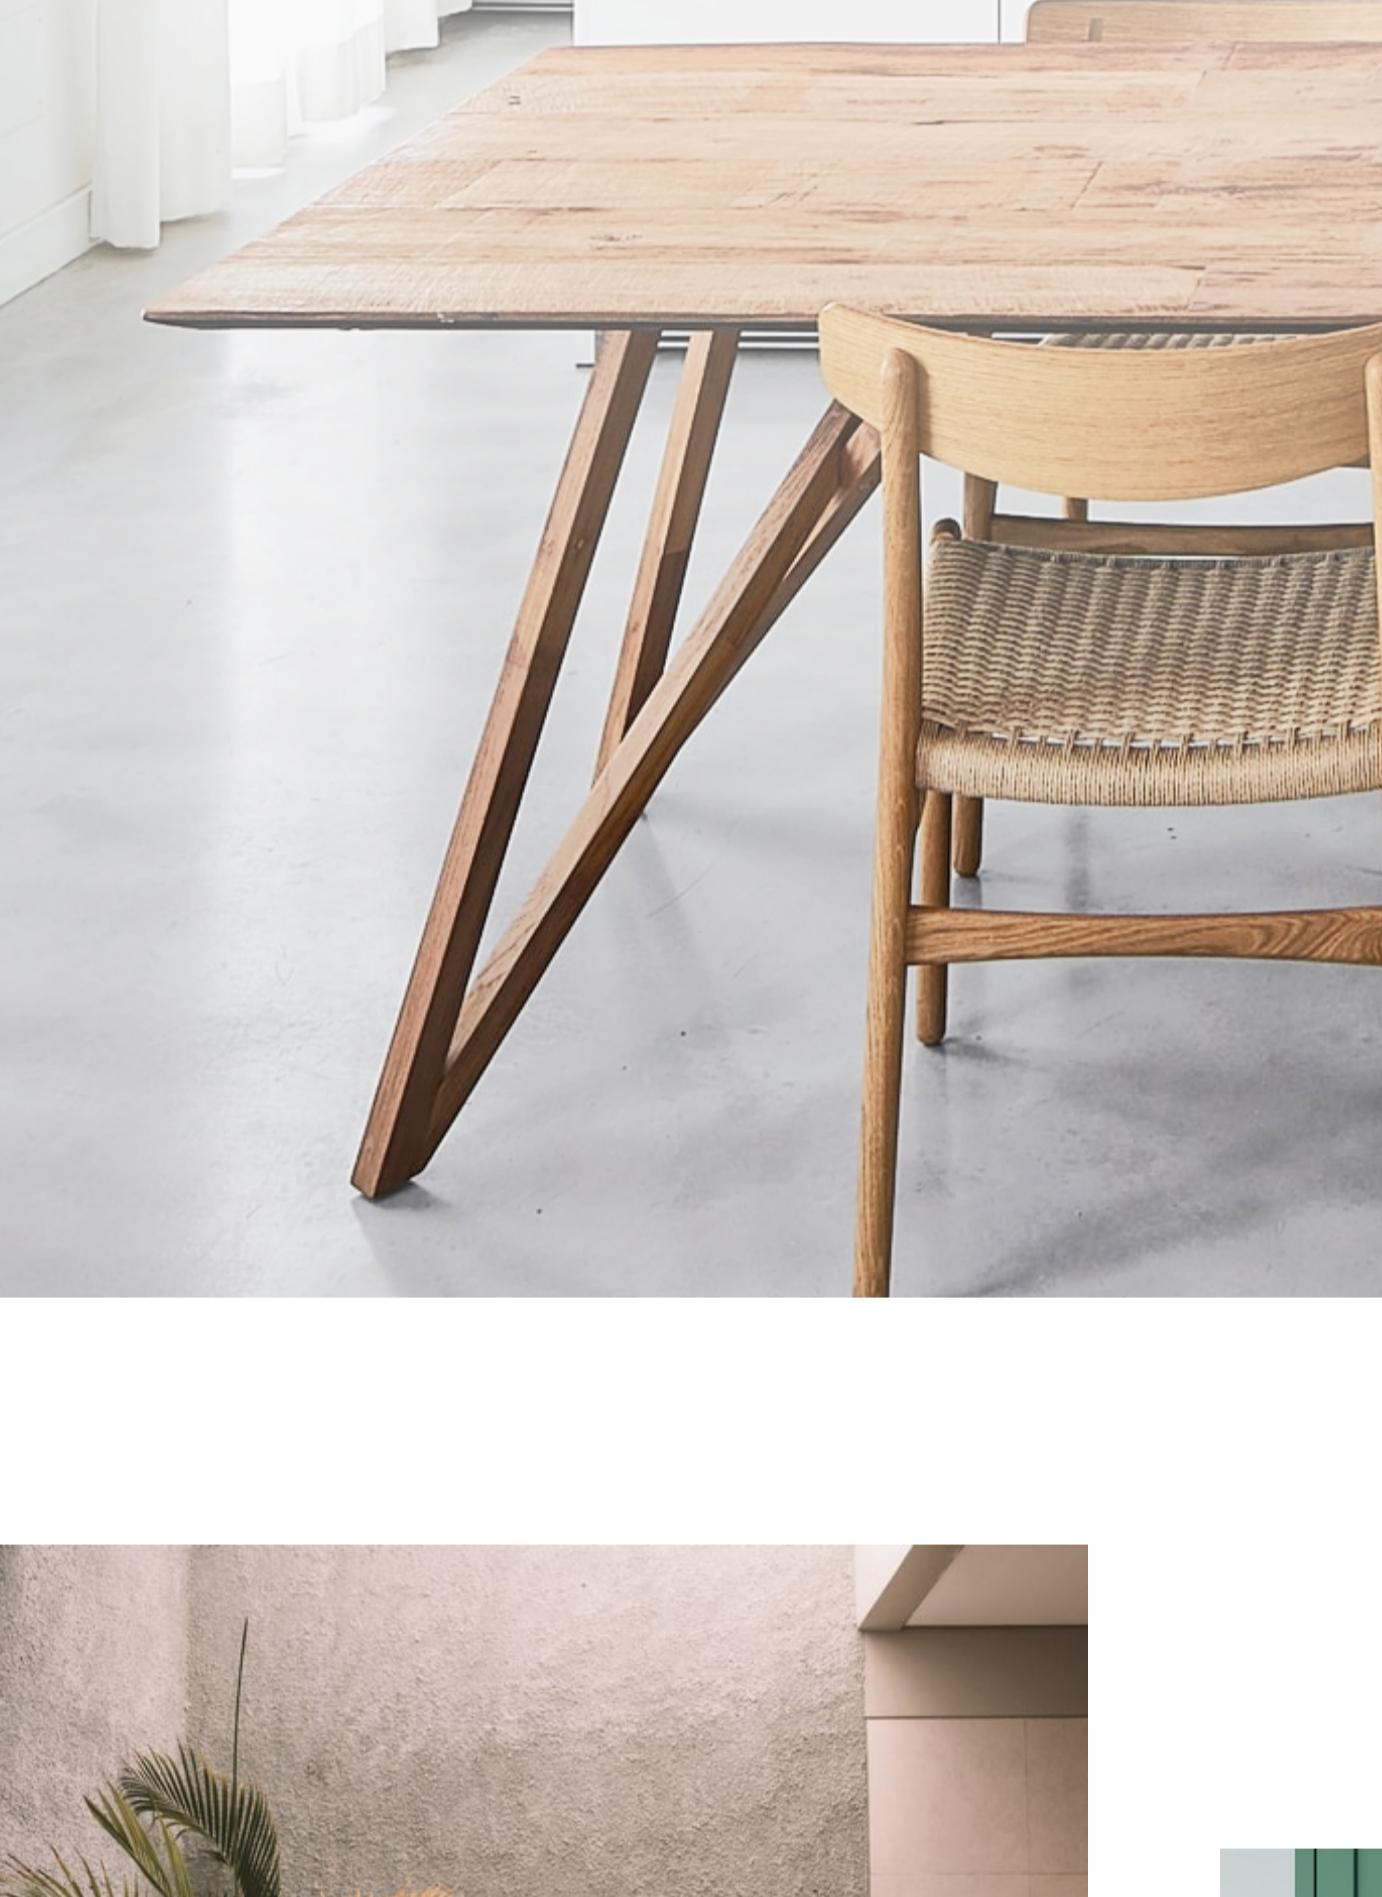

Work with a Block Project Planner to receive a custom proposal tailored to your renovation goals with a detailed scope of work.

Design

Use our curated design system and access our in-house designers to bring your space to life. We'll order the materials and prepare your renovation for the day of break ground.

Build

We've built relationships with the best, local contractors in your area. They're 100% licensed and insured—and they'll provide milestone updates throughout the build.

★★★★★

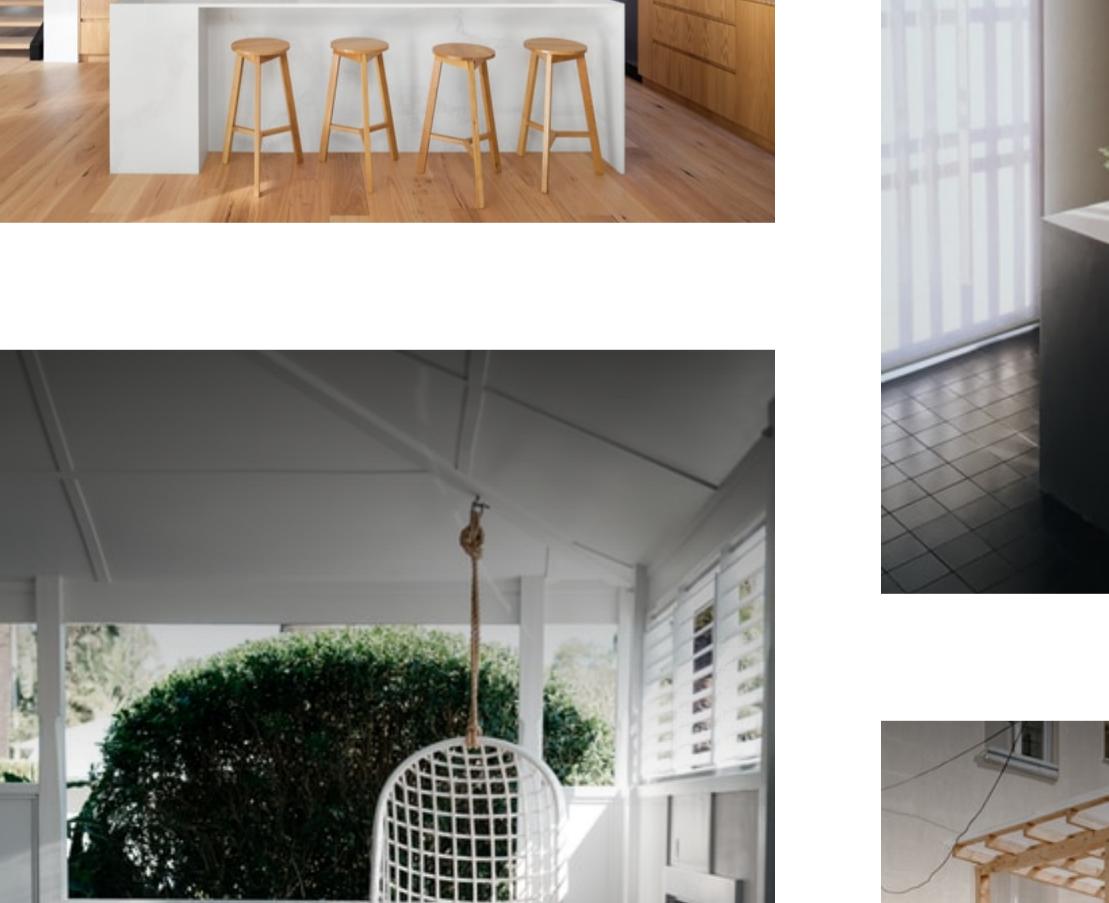

Design matched me to a great contractor who was able to renovate my kitchen while I lived at home during the pandemic.
